Blue Shield Medicare (PPO)

2022 Formulary (List of Covered Drugs)

PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION ABOUT THE DRUGS WE COVER IN THIS PLAN

Formulary ID 22445, Version 20

This formulary was updated on **11/22/2022**. For more recent information or other questions, please contact Blue Shield of California Customer Care, at (888) 802-4599 or, for TTY users, 711, 7 a.m. to 8 p.m., seven days a week, year round, or visit blueshieldca.com/calpers.

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to "we," "us", or "our," it means Blue Shield of California. When it refers to "plan" or "our plan," it means Blue Shield Medicare.

This document includes a list of the drugs (formulary) for our plan which is current as of **11/22/2022**. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2023 and from time to time during the year.

What is the Blue Shield Medicare Formulary?

A formulary is a list of covered drugs selected by our plan in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Our plan will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a plan network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the Formulary (drug list) change?

Most changes in drug coverage happen on January 1, but our plan may add or remove drugs on the Drug List during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow Medicare rules in making these changes.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **New generic drugs.** We may immediately remove a brand name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.
 - If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled "How do I request an exception to the Blue Shield Medicare Formulary?"
- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to market to replace a brand name drug currently on the formulary; or add new restrictions to the brand name drug or move it to a different cost sharing tier or both. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug.
 - If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled "How do I request an

exception to the Blue Shield Medicare Formulary?"

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2022 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2022 coverage year except as described above. This means these drugs will remain available at the same cost-sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug List for the new benefit year for any changes to drugs.

The enclosed formulary is current as of **11/22/2022**. To get updated information about the drugs covered by our plan, please contact us. Our contact information appears on the front and back cover pages. If we make any other negative formulary changes during the year, the changes will be posted on our website at blueshieldca.com/calpers.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 2. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, "Cardiovascular Agents". If you know what your drug is used for, look for the category name in the list that begins on page number 2. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 98. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Our plan covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Our plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from our plan before you fill your prescriptions. If you don't get approval, our plan may not cover the drug.

- **Quantity Limits:** For certain drugs, our plan limits the amount of the drug that our plan will cover. For example, our plan provides 18 tablets per 30-day prescription for sumatriptan (generic for IMITREX). This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, our plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, our plan may not cover Drug B unless you try Drug A first. If Drug A does not work for you, our plan will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 2. You can also get more information about the restrictions applied to specific covered drugs by visiting our Web site. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask our plan to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Plan's formulary?" on page iv for information about how to request an exception.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Customer Care and ask if your drug is covered.

If you learn that our plan does not cover your drug, you have two options:

- You can ask Customer Care for a list of similar drugs that are covered by our plan. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by our plan.
- You can ask our plan to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Blue Shield Medicare Formulary?

You can ask our plan to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to cover a formulary drug at a lower cost-sharing level if this drug is not on the specialty tier. If approved this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, our plan limits the amount of the drug that we will cover. If your

drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, our plan will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary, tiering or utilization restriction exception. **When you request a formulary, tiering or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day day supply of medication. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

Our transition policy applies to members who are stabilized on:

- Part D drugs not on the plan formulary, or
- Part D drugs previously covered by exception upon expiration of the exception, or
- Part D drugs on the plan formulary with a prior authorization, step therapy or a quantity limit requirement, or
- Part D drugs as listed above, where a distinction cannot be made at point of service whether it is a new or ongoing prescription drug

And are members in any of the following scenarios:

- new members following the annual coordinated election period,
- newly eligible members transitioning from other coverage at the beginning of a contract year,
- transitioning individuals who switch from one Blue Shield plan to another after the beginning of a contract year,
- members residing in long-term care (LTC) facilities, or
- in some cases, current members affected by formulary changes from one plan year to the next.

Members continuing coverage into a new plan year and experiencing negative formulary changes will have coverage continued for selected drugs in the new plan year, as determined by our plan and in accordance with the Centers for Medicare and Medicaid Services (CMS) guidance for Part D drugs. Plan members on drugs that were not selected for automatic continued coverage will be provided a transition process consistent with the transition process required for new members beginning in the new plan year. The transition policy will be extended across plan years if a member enrolls in a plan with an effective enrollment date of either November 1 or December 1 and needs access to a transition supply.

During the transitional stage, members may talk to their prescribers to decide whether they should switch to a different drug that we cover or request a formulary exception in order to get coverage for the drug, if it is not on our formulary or has restrictions such as step therapy or prior authorization. Members may contact our plan Customer Care for assistance in initiating a prior authorization or exception request. Prior authorization or exception request forms are available on our website and are also provided upon request to members and prescribers, via mail, email or fax.

Per our transition policy, in conjunction with network pharmacies, a temporary supply of non-formulary Part D drugs or formulary drugs with coverage restrictions will be provided in order to prevent interruptions in continuing therapy. This temporary supply also provides sufficient time for members to work with their prescribers to switch to a therapeutically equivalent formulary medication, or to complete a formulary exception request based on medical necessity. Requests for prior authorization of formulary drugs are reviewed against the CMS approved coverage criteria and formulary exception requests are reviewed for medical necessity by Blue Shield pharmacy technicians, pharmacists and/or physicians. If a formulary exception request is denied, we will provide the prescriber a list of appropriate therapeutic alternatives. A letter will also be sent to you providing instructions on how to appeal the decision.

The transitional supply is a one-time, 30-day temporary supply (unless the prescription is written for fewer days in which case we will cover multiple fills to provide up to a total of 30 days of medication) of the non-formulary drug at a retail pharmacy during the first 90 days of new membership beginning on your effective date of coverage in our plan. Refills may be provided for transition prescriptions dispensed for less than the written amount, due to a plan quantity limit edit for safety or drug utilization edits that are based on approved product labeling, and for up to a total of a 30-day supply. If you are affected by a negative formulary change from one year to the next, we will provide up to a 30-day temporary supply of the non-formulary drug, if you need a refill for the drug during the first 90 days of the new plan year.

Retail and LTC pharmacies have the ability to provide a point-of-sale override for coverage of a transition supply of a drug that is non-formulary, requires prior authorization or step therapy unless

the drug is subject to review for Part B vs. Part D determination, limits to prevent coverage of non-Part D drugs or limits that promote safe utilization of a Part D drug. We will cover a 30-day supply (unless the prescription is written for fewer days in which case we will cover multiple fills to provide up to a total of 30 days of medication). The cost-sharing for low-income subsidy (LIS) eligible members for a temporary supply of drugs provided under the transition process will not exceed the statutory maximum co-payment amounts for LIS eligible members. For all other members (non-LIS members), we will apply the same cost-sharing for non-formulary Part D drugs provided during the transition that would apply for non-formulary drugs approved through a formulary exception and the same cost-sharing for formulary drugs subject to utilization management edits provided during the transition that would apply once the utilization management criteria are met. Members will not be required to pay additional cost-sharing associated with multiple fills of lesser quantities of Part D drugs based upon quantity limits for safety once the originally prescribed doses of Part D drugs have been determined to be medically necessary after an exception process has been completed.

After we cover the temporary 30-day supply, we generally will not pay for these drugs as part of our transition policy again. We will send written notice within 3 business days of the transitional fill after we cover the temporary supply. This notice will contain an explanation of the temporary nature of the transition supply received, instructions for working with us and the prescriber to identify appropriate therapeutic alternatives that are on our formulary, an explanation of your right to request a formulary exception, and a description of the procedures for requesting a formulary exception. If a transition supply has been provided once and you are currently in the process of receiving a coverage determination, the transition supply may be extended by one additional 30-day prescription fill beyond the initial 30-day supply, unless you present with a prescription written for less than 30 days. The extension of the transition period is on a case-by-case basis, to the extent that your exception request or appeal has not been processed by the end of the minimum day transition period and until such time as a transition has been made (either through a switch to an appropriate formulary drug or a decision on an exception request).

If you are a resident of a long-term-care facility (like a nursing home), we will cover supplies of Part D drugs in increments of 14 days or less for a temporary 31-day transition supply unless the prescription is written for fewer days during the first 90 days you are enrolled in our Plan, beginning on your effective date of coverage.

Please note that our transition policy applies only to those drugs that are "Part D drugs" and bought at a network pharmacy. The transition policy can't be used to buy a non-Part D drug or a drug out of network, unless you qualify for out-of-network access.

For more information

For more detailed information about your plan prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about our plan, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800- MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or, visit <http://www.medicare.gov>.

Plan Formulary

The formulary below provides coverage information about the drugs covered by our plan. If you have trouble finding your drug in the list, turn to the Index that begins on page 98.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., ELIQUIS) and generic drugs are listed in lower-case italics (e.g., *amoxicillin*).

The information in the Requirements/Limits column tells you if our plan has any special requirements for coverage of your drug.

LEGEND

TIER	NAME	
gen	Generic Drugs	
brd	Preferred Brand Drugs	
npd	Non-Preferred Drugs	
spec	Specialty Tier Drugs	
SYMBOL	NAME	DESCRIPTION
QL	Quantity Limit	This medication has a dosing or prescription quantity limit. Maximum daily dose limits are defined by the FDA and listed in the drug package insert. Other quantity limits encourage consolidated dosing when possible.
PA	Prior Authorization	Coverage for this prescription requires prior authorization from Blue Shield. Call Blue Shield to provide the necessary information to determine coverage. Some drugs may require Part B or Part D coverage determination, based on Medicare coverage rules. These drugs are noted with "PA – Part B vs. D Determination"
ST	Step Therapy	Coverage for this prescription is provided when other first-line or preferred drug therapies have been tried (step therapy).
LA	Limited Access	This prescription may be available only at certain pharmacies. For more information, consult your Pharmacy Directory or call Customer Care at the number on your ID card.
NDS	Non-Extended Day Supply	Medication is NOT available for long-term supply.
ED	Excluded Part D Drug	This prescription drug is not normally covered in a Medicare Prescription Drug Plan; however, Blue Shield covers this drug as a supplemental benefit. The amount you pay when you fill a prescription for this drug does not count towards your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage). In addition, if you are receiving extra help from Medicare or Social Security to pay for your prescriptions, you will not get any extra help to pay for this drug.

COMBIVENT RESPIMAT	brd	QL (4 PER 30 OVER TIME)
FLUTICASONE-SALMETEROL (55-14 MCG/ACT AER POW BA, 113-14 MCG/ACT AER POW BA, 232-14 MCG/ACT AER POW BA)	gen	QL (1 PER 30 OVER TIME)
fluticasone-salmeterol (aer powder ba 100-50 mcg/act, aer powder ba 250-50 mcg/act, aer powder ba 500-50 mcg/act)	gen	QL (60 PER 30 OVER TIME)
guaifenesin-codeine soln 100-10 mg/5ml	gen	QL (420 PER 30 OVER TIME), NDS, ED
hydrocodone bitart-homatropine methylbrom soln 5-1.5 mg/5ml	gen	QL (210 PER 30 OVER TIME), NDS, ED
hydrocodone bitart-homatropine methylbromide tab 5-1.5 mg	gen	QL (42 PER 30 OVER TIME), NDS, ED
hydrocodone polistirex-chlorpheniramine polistirex	gen	QL (70 PER 30 OVER TIME), NDS, ED

You can find information on what the symbols and abbreviations on this table mean by going to page 1.

DRUG NAME	DRUG TIER	REQUIREMENTS/LIMITS
HYDROCODONE-GUAIFENESIN	gen	PA, QL (420 PER 30 OVER TIME), NDS
<i>ipratropium-albuterol</i>	gen	PA - Part B vs D Determination
NUCALA (100 MG RECON SOLN, 100 MG/ML SOLN A-INJ, 100 MG/ML SOLN PRSYR)	spec	PA, LA, QL (3 PER 30 OVER TIME)
NUCALA 40 MG/0.4ML SOLN PRSYR	spec	PA, LA, QL (0.4 PER 28 OVER TIME)
<i>promethazine & phenylephrine</i>	gen	PA
<i>promethazine w/codeine</i>	gen	PA, QL (240 PER 30 OVER TIME), NDS, ED
PROMETHAZINE-DM (6.25-15 MG/5ML SOLUTION, SYRUP 6.25-15 MG/5ML)	gen	PA, ED
<i>promethazine-phenylephrine-codeine</i>	gen	PA, QL (240 PER 30 OVER TIME), NDS, ED
PSEUDOEPH-CHLORPHEN-HYDROCOD	gen	QL (140 PER 30 OVER TIME), NDS, ED
<i>pseudoephed-bromphen-dm</i>	gen	ED
<i>ribavirin</i>	spec	PA - Part B vs D Determination
<i>sodium chloride (inhalant) (soln nebu 3%, soln nebu 7%, soln nebu 10%)</i>	gen	ED
SYMBICORT	brd	QL (10.2 PER 30 OVER TIME)
TRELEGY ELLIPTA	brd	QL (60 PER 30 OVER TIME)

SKELETAL MUSCLE RELAXANTS

<i>carisoprodol</i>	gen	PA, QL (4 PER 1 DAYS)
<i>carisoprodol w/ aspirin</i>	gen	PA, QL (8 PER 1 DAYS)
CARISOPRODOL-ASPIRIN	gen	PA, QL (8 PER 1 DAYS)
<i>chlorzoxazone (tab 250 mg, tab 375 mg, tab 750 mg)</i>	gen	PA, QL (4 PER 1 DAYS)
<i>chlorzoxazone tab 500 mg</i>	gen	PA, QL (6 PER 1 DAYS)
<i>cyclobenzaprine hcl (tab 5 mg, tab 7.5 mg, tab 10 mg)</i>	gen	PA
<i>cyclobenzaprine hcl cap er 24hr 15 mg</i>	gen	PA, QL (2 PER 1 DAYS)
<i>cyclobenzaprine hcl cap er 24hr 30 mg</i>	gen	PA, QL (1 PER 1 DAYS)
<i>metaxalone (400 mg tab, tab 400 mg, tab 800 mg)</i>	gen	PA, QL (4 PER 1 DAYS)
<i>methocarbamol (tab 500 mg, tab 750 mg)</i>	gen	PA
<i>orphenadrine citrate tab er 12hr 100 mg</i>	gen	PA

You can find information on what the symbols and abbreviations on this table mean by going to page 1.

DRUG NAME	DRUG TIER	REQUIREMENTS/LIMITS
orphenadrine w/ aspirin & caffeine tab 50-770-60 mg	gen	PA, QL (4 PER 1 DAYS)
ORPHENADRINE-ASPIRIN-CAFFEINE	gen	PA, QL (4 PER 1 DAYS)
ORPHENGESIC FORTE	gen	PA, QL (4 PER 1 DAYS)

SLEEP DISORDER AGENTS

SLEEP PROMOTING AGENTS

<i>estazolam</i>	gen	QL (1 PER 1 DAYS)
<i>eszopiclone</i>	gen	QL (1 PER 1 DAYS)
FLURAZEPAM HCL	gen	QL (1 PER 1 DAYS)
HETLIOZ	spec	PA, LA, QL (1 PER 1 DAYS)
QUAZEPAM	gen	PA
<i>ramelteon</i>	gen	QL (1 PER 1 DAYS)
<i>temazepam (cap 22.5 mg, cap 30 mg)</i>	gen	QL (1 PER 1 DAYS)
<i>temazepam cap 15 mg</i>	gen	QL (2 PER 1 DAYS)
<i>temazepam cap 7.5 mg</i>	gen	QL (4 PER 1 DAYS)
<i>triazolam tab 0.125 mg</i>	gen	QL (4 PER 1 DAYS)
<i>triazolam tab 0.25 mg</i>	gen	QL (2 PER 1 DAYS)
<i>zaleplon cap 10 mg</i>	gen	QL (2 PER 1 DAYS)
<i>zaleplon cap 5 mg</i>	gen	QL (4 PER 1 DAYS)
<i>zolpidem tartrate (1.75 mg sl tab, sl tab 1.75 mg, 3.5 mg sl tab, sl tab 3.5 mg, tab 10 mg, tab er 12.5 mg)</i>	gen	QL (1 PER 1 DAYS)
<i>zolpidem tartrate (tab 5 mg, tab er 6.25 mg)</i>	gen	QL (2 PER 1 DAYS)

WAKEFULNESS PROMOTING AGENTS

<i>armodafinil</i>	gen	PA, QL (1 PER 1 DAYS)
<i>modafinil tab 100 mg</i>	gen	QL (3 PER 1 DAYS)
<i>modafinil tab 200 mg</i>	gen	QL (2 PER 1 DAYS)
XYREM	spec	PA, LA, QL (540 PER 30 OVER TIME)

You can find information on what the symbols and abbreviations on this table mean by going to page 1.

This formulary was updated on **11/22/2022**. For more recent information or other questions, please contact Blue Shield of California Customer Care, at (888) 802-4599 or, for TTY users, 711, 7 a.m. – 8 p.m., seven days a week, year round or visit blueshieldca.com/calpers.

Blue Shield of California's pharmacy network includes limited lower-cost, preferred pharmacies in certain counties within California. The lower costs advertised in our plan materials for these pharmacies may not be available at the pharmacy you use. For up-to-date information about our network pharmacies, including whether there are any lower-cost preferred pharmacies in your area, please call (888) 802-4599 [TTY: 711], 7 a.m. to 8 p.m., seven days a week, year round or consult the online pharmacy directory at blueshieldca.com/calpers

Blue Shield of California complies with applicable state laws and federal civil rights laws, and does not discriminate on the basis of race, color, national origin, ancestry, religion, sex, marital status, gender, gender identity, sexual orientation, age, or disability. Blue Shield of California cumple con las leyes estatales y las leyes federales de derechos civiles vigentes, y no discrimina por motivos de raza, color, país de origen, ascendencia, religión, sexo, estado civil, género, identidad de género, orientación sexual, edad ni discapacidad. Blue Shield of California 遵循適用的州法律和聯邦公民權利法律，並且不以種族、膚色、原國籍、血統、宗教、性別、婚姻狀況、性別認同、性取向、年齡或殘障為由而進行歧視。

Blue Shield of California is an independent member of the Blue Shield Association.
