B. Frequently Asked Questions (FAQ)

Find answers here to questions you have about this *List of Covered Drugs*. You can read all of the FAQ to learn more, or look for a question and answer.

B1. What prescription drugs are on the *List of Covered Drugs*? (We call the *List of Covered Drugs* the “Drug List” for short.)

The drugs on the Drug List are the drugs covered by Blue Shield Promise Cal MediConnect Plan. The drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

- Blue Shield Promise Cal MediConnect Plan will cover all medically necessary drugs on the Drug List if:

If you have questions, please call Blue Shield Promise Cal MediConnect Plan at 1-855-905-3825 (TTY: 711), 8:00 a.m. to 8:00 p.m. seven days a week. The call is free. **For more information**, visit www.blueshieldca.com/promise/calmediconnect.

- o your doctor or other prescriber says you need them to get better or stay healthy, **and**
- o you fill the prescription at a Blue Shield Promise Cal MediConnect Plan network pharmacy.
- In some cases, you have to do something before you can get a drug (refer to question B4 below).

You can also find an up-to-date list of drugs that we cover on our website at www.blueshieldca.com/promise/calmediconnect or call Customer Care at 1-855-905-3825 (TTY:711), 8:00 a.m. to 8:00 p.m. seven days a week.

B2. Does the Drug List ever change?

Yes, and Blue Shield Promise Cal MediConnect Plan must follow Medicare and Medicaid rules when making changes. We may add or remove drugs on the Drug List during the year.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior approval for a drug. (Prior approval is permission from Blue Shield Promise Cal MediConnect Plan before you can get a drug.)
- Add or change the amount of a drug you can get (called quantity limits).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we will cover another drug.)

For more information on these drug rules, refer to question B4.

If you are taking a drug that was covered at the **beginning** of the year, we will generally not remove or change coverage of that drug **during the rest of the year** unless:

- a new, cheaper drug comes on the market that works as well as a drug on the Drug List now, **or**
- we learn that a drug is not safe, **or**
- a drug is removed from the market.

Questions B3 and B6 below have more information on what happens when the Drug List changes.

- You can always check Blue Shield Promise Cal MediConnect Plan's up to date Drug List online at www.blueshieldca.com/promise/calmediconnect.

If you have questions, please call Blue Shield Promise Cal MediConnect Plan at 1-855-905-3825 (TTY: 711), 8:00 a.m. to 8:00 p.m. seven days a week. The call is free. **For more information**, visit www.blueshieldca.com/promise/calmediconnect.

- You can also call Customer Care to check the current Drug List at 1-855-905-3825 (TTY: 711), 8:00 a.m. to 8:00 p.m. seven days a week.

B3. What happens when there is a change to the Drug List?

Some changes to the Drug List will happen **immediately**. For example:

- **A new generic drug becomes available.** Sometimes, a new generic drug comes on the market that works as well as a brand name drug on the Drug List now. When that happens, we may remove the brand name drug and add the new generic drug but your cost for the new drug will stay the same or will be lower. When we add the new generic drug, we may also decide to keep the brand name drug on the list but change its coverage rules or limits.
 - o We may not tell you before we make this change, but we will send you information about the specific change we made once it happens.
 - o You or your provider can ask for an exception from these changes. We will send you a notice with the steps you can take to ask for an exception. Please see question B10 for more information on exceptions.
- **A drug is taken off the market.** If the Food and Drug Administration (FDA) says a drug you are taking is not safe or the drug's manufacturer takes a drug off the market, we will take it off the Drug List. If you are taking the drug, we will let you know that the drug has been taken off the Drug List and instruct you on what to do next.

We may make other changes that affect the drugs you take. We will tell you in advance about these other changes to the Drug List. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We add a generic drug that is not new to the market **and**
 - o Replace a brand name drug currently on the Drug List **or**
 - o Change the coverage rules or limits for the brand name drug.

When these changes happen, we will:

- Tell you at least 30 days before we make the change to the Drug List **or**

If you have questions, please call Blue Shield Promise Cal MediConnect Plan at 1-855-905-3825 (TTY: 711), 8:00 a.m. to 8:00 p.m. seven days a week. The call is free. **For more information**, visit www.blueshieldca.com/promise/calmediconnect.

- Let you know and give you a 30-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor or other prescriber. He or she can help you decide

- If there is a similar drug on the Drug List you can take instead **or**
- Whether to ask for an exception from these changes. To learn more about exceptions, refer to question B10.

B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases you or your doctor or other prescriber must do something before you can get the drug. For example:

- **Prior approval (or prior authorization):** For some drugs, you or your doctor or other prescriber must get approval from Blue Shield Promise Cal MediConnect Plan before you fill your prescription. Blue Shield Promise Cal MediConnect Plan may not cover the drug if you do not get approval.
- **Quantity limits:** Sometimes Blue Shield Promise Cal MediConnect Plan limits the amount of a drug you can get.
- **Step therapy:** Sometimes Blue Shield Promise Cal MediConnect Plan requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your doctor thinks the first drug doesn't work for you, then we will cover the second.

You can find out if your drug has any additional requirements or limits by looking in the tables on pages 1 - 120 . You can also get more information by visiting our website at www.blueshieldca.com/promise/calmediconnect. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy.

You can ask for an exception from these limits. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception. Please refer to questions B10-B12 for more information about exceptions.

B5. How will I know if the drug I want has limits or if there are required actions to take to get the drug?

If you have questions, please call Blue Shield Promise Cal MediConnect Plan at 1-855-905-3825 (TTY: 711), 8:00 a.m. to 8:00 p.m. seven days a week. The call is free. **For more information**, visit www.blueshieldca.com/promise/calmediconnect.

The table of drugs on page 1 - 120 has a column labeled “Necessary actions, restrictions, or limits on use.”

B6. What happens if Blue Shield Promise Health Plan changes their rules about some drugs (for example, prior authorization (approval), quantity limits, and/or step therapy restrictions)?

In some cases, we will tell you in advance if we add or change prior approval, quantity limits, and/or step therapy restrictions on a drug. Refer to question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the Drug List change.

B7. How can I find a drug on the Drug List?

There are two ways to find a drug:

- You can search alphabetically (by the drug), drug’s name, **or**
- You can search by medical condition.

To search **alphabetically**, refer to the Index of Covered Drugs section. You can find it in the index that begins on page 121 . The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

To search **by medical condition**, find the section labeled “Drugs Grouped by Medical Condition” on page xvi. The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, Cardiovascular agents. That is where you will find drugs that treat heart conditions.

B8. What if the drug I want to take is not on the Drug List?

If you don’t find your drug on the Drug List, call Customer Care at 1-855-905-3825 (TTY: 711) from 8:00 a.m. – 8:00 p.m., seven days a week and ask about it, the call is free. If you learn that Blue Shield Promise Cal MediConnect Plan will not cover the drug, you can do one of these things:

- Ask Customer Care for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. They can prescribe a drug on the Drug List that is like the one you want to take.
Or

If you have questions, please call Blue Shield Promise Cal MediConnect Plan at 1-855-905-3825 (TTY: 711), 8:00 a.m. to 8:00 p.m. seven days a week. The call is free. **For more information**, visit www.blueshieldca.com/promise/calmediconnect.

- You can ask the health plan to make an exception to cover your drug. Please refer to questions B10-B12 for more information about exceptions.

B9. What if I am a new Blue Shield Promise Cal MediConnect Plan member and can't find my drug on the Drug List or have a problem getting my drug?

We can help. We may cover a temporary 30-day supply of your drug during the first 90 days you are a member of Blue Shield Promise Cal MediConnect Plan. This will give you time to talk to your doctor or other prescriber. He or she can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception.

If your prescription is written for fewer days, we will allow multiple refills to provide up to a maximum of 30 days of medication.

We will cover a 30 day supply of your drug if:

- you are taking a drug that is not on our Drug List, **or**
- health plan rules do not let you get the amount ordered by your prescriber, **or**
- the drug requires prior approval by Blue Shield Promise Cal MediConnect Plan, **or**
- you are taking a drug that is part of a step therapy restriction.

If you are in a nursing home or other long-term care facility and need a drug that is not on the Drug List or if you cannot easily get the drug you need, we can help. If you have been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

- We will cover one 31 day supply of the drug you need (unless you have a prescription for fewer days), whether or not you are a new Blue Shield Promise Cal MediConnect Plan member.
- This is in addition to the temporary supply during the first 90 days you are a member of Blue Shield Promise Cal MediConnect Plan.
